Later the parents will participate in an educational group led by Liliana Hensel (11 am -12 pm).

The group is designed to explore, educate, and discuss parenting topics. Each week, we will discuss different topics, and parents will have the opportunity to ask parenting questions. Previous topics have included mindful-parenting, strength-based practices, self-regulation, and early learning. The class is a useful resource for parent education and will prepare children for the transition to preschool.
